CODES AND COMPLIANCES

Meets AC438 Criteria
CAN/CSA-A123.5-M90
Florida Building Code Approved – FL 16305
Miami-Dade County Product Control Approved

SAFETY, STORAGE AND HANDLING

WARNING: Roofing application can be dangerous. Observe all precautions and safety guidelines in accordance with proper roofing trade practices. Minimize roof traffic. Perform regular roof maintenance in appropriate weather.

IMPORTANT PRECAUTIONS: Store on a flat surface. Protect from weather during storage and on the job site. Sealant protection tape is placed on the back of each shingle and does not have to be removed before applying.

For additional safety, storage and handling instructions go to: AtlasRoofing.com/roof-shingles/sds

INSTALLATION AND SPECIFICATIONS

For warranty installation instructions go to: AtlasRoofing.com/roof-shingles/pinnacle-impact

For detailed installation and complete 3-part specifications go to: AtlasRoofing.com/roof-shingles/specifications

Atlas Roofing Corporation (ATLAS) warrants to you, the original owner of its shingle products, that this product is free from any manufacturing defects that materially affect the performance of your shingle during the Premium Protection Period or that cause leaks for the balance of the applicable warranty period.

* In order to qualify for the Atlas Lifetime Algae Resistance Limited Warranty against black streaks caused by blue-green algae, installation must include StormMaster® Hip & Ridge shingles, Pro-Cut® Hip & Ridge shingles, or Pro-Cut® High Profile Hip & Ridge shingles featuring Scotchgard™ Protector with Atlas shingles featuring Scotchgard™ Protector.

** Refer to the Atlas Roofing Limited Shingle Warranty for all coverage requirements.

¹ Refer to the Atlas Signature Select® Limited Warranty for all system coverage requirements.

Scotchgard™ and the Scotchgard™ Protector logo, including the plaid design and 3M logo, are all trademarks of 3M.

LIFETIME limited warranty

Don't worry. We've got you covered with the Atlas Lifetime Limited Warranty*, ensuring your investment is protected for years to come.

130MPH wind resistance

Let those winds howl. Because of our innovative HP42® shingle technology, your roof is shielded from wind gusts up to 130 mph.

HP42® technology

HP42® technology features a wide format for better curb appeal, plus our Sweet Spot™ nailing area and double FASTAC® sealant line ensure your shingles will stay put.

Scotchgard™ shingle protector

Your roof will stay beautiful because it features 3M™ Scotchgard™ Protector, which resists black streaks and stains caused by algae.

CLASS 4 impact resistance

Pinnacle® Impact shingles are manufactured with proprietary polymer modified asphalt technology allowing it to meet a UL 2218 Class 4 impact rating.

3M SMOG reducing technology

Inspired by the power of trees, your roof can help combat air pollution with 3M™ Smog-reducing Granules.

To provide homeowners the most accurate representation of color options, several photo scans and house shots were utilized in various lighting conditions. Variations in lighting illustrate the color gradients on asphalt shingle roofs.

Color blends vary from shingle to shingle. Before installation, consult with your contractor and request to view the actual shingles being installed on your roof to ensure confidence in your final color selection.
