

Pinnacle® Sun

Cool Roof Technology that Fights Smog

According to the Cool Roof Rating Council (CRRC), the average energy savings for a cool roof can be up to 15% of total cooling costs.

Pinnacle® Sun shingles stand up to intense sun, smog, algae growth, and high winds, delivering the roofing system engineered for lasting performance, protection, and beauty that lasts.

Length: 42" / 1066.8 mm
Width: 14" / 355.6 mm

Exposure: 6" / 152.4 mm
Shingles per Bundle: 18-20

For maximum protection and warranty coverage, install an Atlas Signature Select® Roofing System with components designed and backed by an Atlas warranty.

FEATURES

Available In 7 Colors
3M™ Cooling Technology
3M™ Scotchgard™ Protector
Class 3 Impact Rating

3M™ Smog-Reducing Technology
FASTAC® Double Sealant Lines
Atlas Lifetime* Algae Resistance
Limited Warranty
Lifetime Limited Warranty**
Atlas Signature Select® Eligible¹

ASTM

D7158, Class H Wind Resistance,
Passed at 150 mph
D6381, Uplift Resistance
D3018, Type 1
D3161, Class F, Tested at 110 mph
D3462, As Manufactured
E108, Class A Fire Resistance
E1980, Solar Reflectance

UL

790, Class A Fire Resistance
2218, Class 3 Impact Resistance
2390, Class H Wind Resistance

CODES AND COMPLIANCES

Meets AC438 Criteria
CAN/CSA-A123.5-M90
Florida Building Code Approved – FL 16305
Miami-Dade County Product Control Approved

SAFETY, STORAGE, AND HANDLING

WARNING: Roofing application can be dangerous. Observe all precautions and safety guidelines in accordance with proper roofing trade practices. Minimize roof traffic. Perform regular roof maintenance in appropriate weather.

IMPORTANT PRECAUTIONS: Store on a flat surface. Protect from weather during storage and on the job site. Sealant protection tape is placed on the back of each shingle and does not have to be removed before applying.

For additional safety, storage, and handling instructions go to: AtlasRoofing.com/roof-shingles/sds

INSTALLATION AND SPECIFICATIONS

For warranty and installation instructions go to: AtlasRoofing.com/roof-shingles/pinnacle-sun

For detailed installation and complete 3-part specifications go to: AtlasRoofing.com/roof-shingles/specifications

Atlas Roofing Corporation (ATLAS) warrants to you, the original owner of its shingle products, that this product is free from any manufacturing defects that materially affect the performance of your shingle during the Premium Protection Period or that cause leaks for the balance of the applicable warranty period.

* In order to qualify for the Atlas Lifetime Algae Resistance Limited Warranty against black streaks caused by blue-green algae, installation must include StormMaster® Hip & Ridge shingles, Pro-Cut® Hip & Ridge shingles, or Pro-Cut® High Profile Hip & Ridge shingles featuring Scotchgard™ Protector with Atlas shingles featuring Scotchgard™ Protector.

** Refer to the Atlas Roofing Limited Shingle Warranty for all coverage requirements.

¹ Refer to the Atlas Signature Select® Limited Warranty for all system coverage requirements.

Scotchgard™ and the Scotchgard™ Protector logo, including the plaid design and 3M™ logo, are all trademarks of 3M.

LIFETIME limited warranty

Don't worry. We've got you covered with the Atlas Lifetime Limited Warranty**, ensuring your investment is protected for years to come.

130MPH wind resistance

Let those winds howl. Because of our innovative HP42® shingle technology, your roof is shielded from wind gusts up to 130 mph.

HP42® technology

HP42® technology features a wide format for better curb appeal, plus our Sweet Spot™ nailing area and double FASTAC® sealant line ensure your shingles will stay put.

CLASS 3 impact resistance

UL 2218 Class 3 impact resistance offers protection against harsh weather conditions and may qualify for a homeowners insurance discount.

Scotchgard™ shingle protector

Your roof will stay beautiful because it features 3M™ Scotchgard™ Protector, which resists black streaks and stains caused by algae.

3M COOLING technology

Harness the power of the sun with 3M™ reflective cooling granules, which can save homeowners up to 15% on cooling costs.

3M SMOG reducing technology

3M™ Smog-Reducing Granules use a patented photocatalytic coating, converting harmful gases into washable plant-nutrient nitrates.

*SRI values shown reflect initial ratings. Three-year rated values may differ. Please visit AtlasRoofing.com for more information.

**Refer to the Atlas Roofing Limited Shingle Warranty for all coverage requirements.

The Solar Reflectance Index (SRI) is an indicator of the ability of a roof surface to return solar energy to the atmosphere. Roofing material surfaces with a higher SRI will be cooler than surfaces with a lower SRI under the same solar energy exposure, especially on a sunny day. Using materials with higher SRI values can enhance building occupant comfort and reduce air conditioning use. SRI values listed above are INITIAL values from the Cool Roof Rating Council. For more information, please reference the Cool Roof Rating Council: CoolRoofs.org.

To provide homeowners with the most accurate representation of color options, several photo scans and house shots were used under various lighting conditions. Variations in lighting illustrate the color gradients on asphalt shingle roofs.

Color blends vary from shingle to shingle. Before installation, consult with your contractor and request to view the actual shingles being installed on your roof to ensure confidence in your final color selection.
